very feminine, good size, compact in body proportions, nice topline when she is standing but she is losing the topline on the movement, a bit narrow in skull, long ears, I would prefer darker eyes, could have a little bit stronger muzzle, and the underjaw needs to be more level and stronger, correct light bones, needs a bit more forechest, turn out the front feet, nice body for her size, nice rear angulations, clean tan colour, enough silky coat texture, a little bit running tan colour in body, lovely behaviour, nice tail, needs more parral movement behind and a bit loose movement in front
